SATURDAY, MAY 31. 1740.

41° 1542.

Yesterday arriv'd a Mail from Holland.

Constantinople, April 19. N.S.

THE Principal Articles of the Treaty of Commerce between the Porte and the King of the Two Sicilies are these:

1. The Vessels and Subjects of both Powers may freely frequent and trade to the Harbours and Coasts of the Dominions of each, and shall therein enjoy

Rights that are enjoyed by other Foreigners. The Neapolitan and Sicilian Merchants shall no other Duties for Exportation and Importation throughout the whole Ottoman Empire, than which are demanded there of the French, Dutch, and English Merchants. 3. The Turkish Merchants that shall frequent the Ports of the Kingdom of Naples and Sicily, shall be treated there as Par with the Merchants of other Nations, regard to the Duties payable for the Merchandise which they shall bring with them. 4. Subjects on both Sides shall have the same Privileges as the Natives of the Country in Mat- relating to Affairs the Cognizance of which be- to the Tribunals, Courts of Judicature, or the Publick Judges; and the Merchants of both Kingdoms may establish Factors in the Harbours of

the King of the Two Sicilies being willing to a Peace with the Regencies of Barbary, and desired the Porte to employ its good Offices at End, the Grand Seignior has wrote a Letter upon to the Dey and Regency of Algier, as also to the Dey and Regency of Tunis and Tripoli.

Constantinople, May 25. N.S. Particular Letters from Constantinople still represent the Divan as very uneasy regard to the Advances of Kouli-Kan. The Regency of the Bashaw of Babylon being suspected, the Grand Seignior has recall'd him, and conferr'd that Government upon the Seraskier-Bashaw of Bosnia. The Regency of Constantinople begins again to murmur at the Government, and even against the Person of the Grand Seignior, so that if there should be a Change, the Consequences might be fatal. We are assured that the Emperor's Ministers have been to the Elector Palatine's Minister, that his Majesty after due Consideration of his Ma- Demand, does not think it proper, in the present State of Affairs, to grant the Investiture of the Duchy of Juliers and Berg to the Prince of Sulz- but that he thinks it much better to let that remain in *Statu quo*.

Constantinople, May 10. N.S. Tho' the Merchants of this City were at first, they have since agreed to lend the Sultan 800,000 Pieces of Eight upon certain Con- ditions. The Squadrons which sail'd from hence and Ferrol, having met with a violent Storm, we are inform'd that they are return'd into that Port in a very bad Condition, and that the Princess of Asturias Man of War had been separated from them. We are inform'd from an Advice-Ship arriv'd in the West Indies that Carthage was in a State of Defence, the Garrison of the Town and Belonging to it having been augmented to 1800 Men, and that Admiral Vernon had not made any Progress upon it by the 30th of March, nor upon any Part of the Coast since his Expedition to Porto Rico.

Some Letters from Barcelona say, that Admiral Don Juan de Navarro having cast Anchor before that Port, his Ship was fir'd some Cannon into the Town, which was answer'd by a Fire from the Guns of the Castles, after which he weigh'd Anchor and return'd to the Off of Majorca. There have been no less than 1000 Commissions granted to Spanish Ships since the beginning of the War to cruise upon the English Coast, that the Squadron of 3 Men of War and 5 Frigates which sail'd some Days ago from Carthage to the Coast de Clavijo is pass'd the Straights of Gibraltar, and has Orders to go and join the Squadron of Cadiz and Ferrol. They write from Lisbon, they have Advice there from the Canaries, that a Spanish Ship from Buenos Ayres was arriv'd there with considerable Cargo under Convoy of two Spanish Men of War; this Ship had been separated from

two others that arrived from thence some time before at St. Andero.

Frankfort, June 2. N.S. We have Advice from Dillenbourg, that the Prince and Princess of Orange arrived there last Week with a Retinue of 120 Persons, and that their most Serene Highnesses were forth- with to receive the Homage of the Inhabitants of that Principality, after which they propos'd to repair to Cassel to be present at the Entertainments which are to be made there on account of the Marriage of Prince Frederick and the Princess Mary, with whom 'tis said they are afterwards to go to Hanover to pay a Visit to his Britannick Majesty.

Utrecht, June 5. N.S. The King of Great Britain, who landed Yesterday about Half an Hour after Nine in the Morning at Helvoetsluis, was saluted by triple Discharges of the Cannon as he pass'd by Rotterdam and Woerden, and betwixt 5 and 6 o'Clock in the Evening his Majesty arrived here, being at- tended in his Coach by the Count de Bula. He alighted, as usual, at the House of M. Pouchoud, his Agent in this City, where he sup'd and lay, and this Morning at Half an Hour after 5 the King set out for Bentheim, so that to-morrow Night he will be at Ha- nover. The Countess of Yarmouth who landed also Yesterday Morning at Helvoetsluis, arrived here in the Evening, and will set out this Day for Hanover. M. Ryke and M. Meyer Private Secretaries of the King's Chancery are also gone thro' this City for the same Place; but Lord Harrington together with the Baron de Steinberg and his Lady will not set out thither till next Week.

Rotterdam, June 4. N.S. About 2 o'Clock this Afternoon the King pass'd thro' this City in a Post- Chaise drawn by 6 Horses, accompanied by the Count de Bula his Chamberlain, who came from Hanover to meet his Majesty, and attended by a Detachment of Horse-Guards. The Concourse of People of all Ranks to see his Majesty was very extraordinary.

Letters from Berlin, dated last Wednesday Se'n- night, say, that the Exercise which the King of Prus- sia had taken for some Days past, tho' but gentle, was too violent for his Majesty's Distemper, which there- upon grew worse and worse; so that no Remedies could operate upon him, and he died at Potsdam about Two o'Clock in the Afternoon of that Day.

These two Remedies need no other Recommendation, themselves will manifest in two or three Days using, their admirable and even astonishing Success, gained by reputation they so justly deserve, both in City and Country after wearing Trusses for many Years to no Purpose.

Many Hundreds of all Ages and Sexes have been cured, which occasioned this Publication, for the Good of the Publick, that all such unhappy People may be delivered from the Charge and Slavery of always wearing Trusses.

The World might have had many Certificates of Cures of Persons of all Ages, from Children of a few Months grown Persons of 60 Years or upwards; but that they are naturally averse to let it be known, that they are such an Infirmary: Yet Mr. Sandwell can satisfy the Quirer of the Validity of what is here said, that he has had such large Knowledge, by reason of the many good Reasons, removed.
